BINDpro Aspen 13E

Electric Wire Closer

BINDpro Aspen 13E

The **BINDpro Aspen** wire closer is an electric, semi-automatic wire closer with a clean, modern design, ideal for your high-volume wire binding needs. It features a Smart-Detect System which automatically detects and closes wire, all with the simple push of a button. This unit's LCD control panel has a clear display with a touch sensitive keypad, allowing micro-adjustments to all wire sizes and guaranteeing a perfect close every time. The BINDpro Aspen uses a horizontal closing system with a magnetic back that aligns and holds the wire securely during the closing process. With operator safety in mind, the unit has a built-in safety sensor for trouble-free closing without risk of injury. An optional mount is available for the machine to work in conjunction with Skandacor modular punching machines for increased productivity.

Finishing Applications in Wire Binding

Specifications

13"L / Open Ended

Closes 3:1 or 2:1
Pitch Wire

	BINDpro Aspen 13E
