BINDpro Equinox 12MA

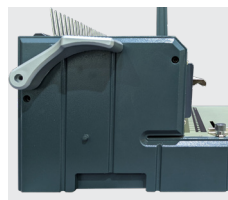

Electric Comb
Punch / Bind

BINDpro Equinox 12MA

The **BINDpro Equinox 12MA** electric comb binding machine is perfect for low and medium volume comb binding requirements. This reliable unit includes both an electric punch and a manual comb opener. Constructed of hardened steel, dies deliver a clean, precise punch even when working with hard-to-punch materials such as PVC and the “U” shaped handle amplifies punching strength for ease of perforation. The efficient design, coupled with a strong metal chassis and quality components makes the BINDpro Equinox 12MA stand out as a practical and economical comb binding solution for all types of users.

Finishing Applications Binding Centers, Printing Centers, Educational and Office
