BINDpro Sierra 12EC

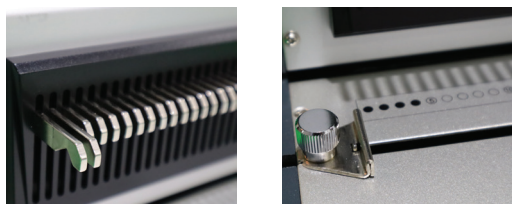

Electric Coil Punch

BINDpro Sierra 12EC

The **BINDpro Sierra 12EC** electric coil binding machine is perfect for all medium volume, coil binding requirements. This reliable unit includes both an electric punch and inserter. Constructed of hardened steel dies that deliver a clean, precise punch even when working with hard-to-punch materials such as PVC. The electric inserter helps speed up the coiling process while a side margin guide allows for evenly centered documents. The efficient design, coupled with a strong metal chassis and quality components makes the BINDpro Sierra 12EC stand out as a practical and economical coil binding solution for medium volume users.

Finishing Applications in Printing Centers, Educational and Office
