# SINAJET DF Series

Kiss Cut, Rotary Cut, Pen, Crease, Perf

# SINAJET DF Series

The **SINAJET DF Series** digital flatbed cutter is the only one in the market of automatic plotters with Interchangeable Tools for specific and professional processes to handle not only prototyping, but also for small production. Capable of handling plasticized prints (see MT model for up to 10mm with oscillating cut) sheets are automatically managed allowing for unparalleled operator freedom. Interchangeable tools allow for cutting, kiss-cutting, creasing and perforation.

**Finishing Applications** for Binding/Print Shops.
