LAMpro Puma D28M

The **LAMpro Puma D28M** is a 28" wide versatile hot roll laminator, designed specifically for small-format print finishing. It features large rubber nip rollers for effective encapsulation with duplex laminate up to 5.0 mil. It features built in side slitters to trim the laminated sheets. It also has the take up roller to do limited SLEEKpro foiling, rewind slit scrap while encapsulating and to take up the liner for cold PSpro lamination.

Finishing Applications in On-Demand Print Shops, Educational and Office settings.

Specifications

Max Width 28"

Up to 11.8ft/min*

115 V
