# LAMpro Wildcat

High-Speed Pouch Laminators

# LAMpro Wildcat

The **LAMpro Wildcat** series are commercial-grade 6 & 10 roller pouch laminators. The backlit LCD display and clear keypad make them easy to operate. They have two programmable memory settings to save the ideal temperature and speed for frequent projects. The R6 features 4 heated rollers, and 2 cold rollers guaranteeing professional grade results and crystal-clear lamination. The R10 ups the game with 6 heated rollers, 2 cold rollers, and 2 exit rollers for even faster speeds. The large 13" throat allows the machine to laminate a wide array of pouch sizes. Auto shutoff automatically cools and shuts down the machine after usage, saving energy and increasing the life of the laminator.

**Finishing Applications** in Photo Shops, Print Shops, Office, Educational Settings

## Specifications

Max. 13"

4 ft/min (R6)  
13 ft/min (R10)

115 V

	LAMpro Wildcat R6	LAMpro Wildcat R10
Laminating Width	13"	
Laminating Speed	4 ft/min	13 ft/min
Pouch Thickness	Up to 14 mil	
Laminating Thickness	3 mm
