SC-350 Die-Cutter

Sheet Fed Digital Cutter

SC-350 Die-Cutter

The **Vulcan SC-350** sheet-fed digital die-cutter is ideal for the reliable and automatic production of kiss-cut stickers and labels. It operates with a friction feeder that automatically feeds the sheets for processing. The machine software is tightly integrated to the SignCut Pro software, allowing for the automatic placement of registration marks and fine-tuning of tool speed and pressure. It features camera registration to the sheet, as well as reading QR codes to automatically load jobs. This means that every sheet can be different, and the job will quickly be loaded and the cutting perfectly registered to the print. The SC350 is also capable of doing limited through-cutting when needed.

Finishing Applications in Labels, Stickers etc.

Specifications

Min. 7.2"W x 5.9"L
Max. 13.7"W x 19.6"L

Up to 1200 mm/s

100 to 240 V AC,
60 W

	SC-350 Die-Cutter
Sheet size	Min. 7.2"W x 5.9"L, Max. 13.7"W x 19.6"L
Material Thickness	Up to 350 gsm
Number of Cutting Heads	1
Speed	Up to 1200 mm/s
Auto-feed system	Yes
Job Retrieval	Network PC or USB Drive
Software	SignCut Pro2 (supports Ai/CorelDraw plugin)
Electrical	100 to 240 V AC, 60 W
Machine Size (W x D x H)	103" x29" x23"
