Finishing **SYSTEMS**

LAMpro Bobcat S15M

Digital Hot Roll Laminator

LAMpro Bobcat S15M

The **LAMpro Bobcat S15M** is a 15" wide hot roll laminator with a chrome roller, making it the most capable compact laminator available for digital foiling, and allowing for the perfect finish when doing single-sided lamination with thin films. It has a built-in decurler bar to ensure flat output when single-sided laminating, and a perforator for easy manual sheet separation. The Bobcat also has a take up roller for rewinding SLEEKpro foils or liners from Cold PSpro lamination.

Finishing Applications in On-Demand Print Shops, Educational and Office settings.

Specifications

Max Width 15"

Up to 15ft/min

115 V
