FINISHpro 4735 AF Max

Digital Die Cutting System

FINISHpro 4735 AF Max

The **FINISHpro 4735 AF Max** is ideal for smaller print shops looking to expand their product range. Capable of handling a variety of materials, it features two universal cutting modules for cutting, V-cutting, creasing, and more. With a cutting thickness of up to 19mm and speeds of up to 1200mm/s, the FINISHpro 4735 AF Max ensures fast, precise results. Its compact design is easy to operate, making it perfect for businesses seeking to offer high-quality, durable products. Optional features like a touch PC and automatic knife initialization (AKI) add even more convenience and versatility.

Finishing Applications Sample making, short-run customized production for signage, printing and packaging industries, and more.
