MINI**LAM** R2R

The MINILAM R2R allows the use of 540 mm diameter paper reels; it brings shafts, sensors, brakes and a higher level of automation in order to obtain the most important; a perfect reel rewinding and an ease-of-use experience. But perhaps what makes the MINILAM R2R an incredible machine is that it is hybrid. It is also intended to laminate and foil sheet-to-sheet prints. You can create gold metallic effects on label reels and book covers.

Finishing Applications in Stationery, Advertising, Packaging, Publishing, Security and much more.

Min. 8.25" x 11.7"
Max. 14.9" x 27.5"
